

Softlink wins best stall award at CTL-IMEX

Mumbai, February 29, 2009: Softlink, one of India's leading software product company won the "Best Stall Award" at the International Cargo, Logistics & Maritime Conference and Exhibition 2009 held at Mumbai from January 29 to 31 2009.

At the exposition, Softlink launched two new products, 'Logi-Sys' & 'X-Ponent'. The company also demonstrated its other innovative products, legacy, strengths, successes, and reinforced confidence amongst visitors to associate with Softlink as a partner of choice. The exhibition stall depicted the company's focus on Simplifying Operations and its ability to keep pace with the changing times.

Softlink stall won the recognition of being the second best stall award in the raw space category. The award was presented by Mr. Omprakash Agarwal, President BCHAA.

On this occasion Mr. Amit Maheshwari, Managing Director and CEO, Softlink, said, "The exhibition was a great success for Softlink through abundant interactions with existing and prospective customers. The award is considered to be extremely valuable. We are delighted with the award as it is recognition of our work and our increased commitment towards the logistics industry".
