IMPEX

Anytime, Anywhere Customs Clearing

SOFTLINK
Simplifying Operations

Is the lack of mobility or IT infrastructure costs restricting you from expanding your Customs Clearing abilities?

Liberate your Customs Clearing with a web-based solution that not only allows you to file to any port from any location, but also affords the flexibility of deferred payments, thus reducing the initial burden of Infrastructure.

Live Impex <<<

Live Impex is an online customs clearing software that allows you to manage your customs clearing process on the move and from anywhere giving you complete flexibility. Timely & regular updates ensure Live Impex is always updated. It also gives the flexibility of filing documents to any port from any location.

»»» Access From Anywhere

Live Impex being a web based application allows users access from anywhere in the world, providing the flexibility of custom clearing and a bird's eye view of the organization to the user on-the-move.

Pay as you go <<<

Live Impex offers a pay-as-you-go model that enables you to start benefiting quickly without any upfront investment in IT infrastructure.

»»» Online Cargo Tracking

Live Impex facilitates users to provide online tracking with real time status updates to their clients. Status can also be provided through daily status report (DSR) via email and SMS.

Customs Regulations Updates <<<

Live Impex enables hassle free and uninterrupted operations as it is always updated with the latest customs regulations.

>>> Integration with Visual Impex

Live IMPEX allows seamless interchange of data for Visual IMPEX users. Data can be exchanged using the standard XML format available in Visual IMPEX.

- **Web-based customs clearing:**
An online system allows for customs clearing in India at anytime and from anywhere.
- **Online filing via ICEGATE:**
Filing of documents online via ICEGATE including versions ICES 1.5 & ICES 1.0. It records all online interactions with ICEGATE & messages received back from ICEGATE.
- **Documentation:**
Print manual Bills of Entry, Shipping Bills and other standard forms. Also, print Tró Challans and Examination Orders received from ICEGATE. Generate Annexure as well as floppy to facilitate filing via service center.
- **Filing to any port from any location:**
With Live Impex you can file documents to any port from any location.
- **Customs Compliance:**
Auto calculation of complicated Indian duty structure & a checklist for online verification of data and duty before filing to avoid costly errors.

>>> Features

- **Always updated:**
Updated directories for Customs Tariffs, Excise Tariffs, Notifications, Drawback, DEPB, Cess, RSP, Tariff Duty, Anti Dumping, Country, Currencies and Ports etc.
- **Alerts & notifications:**
Personalized alerts for key performance indicators (KPI) & job status. Clients receive a Daily status Report (DSR) as well as Email & SMS notifications.
- **Reporting & analysis:**
The reporting system allows users to receive pre-defined reports as well as graphical MIS reports.
- **Configurable interface:**
Live Impex allows users to customize their access control facility as well as the dashboard that shows the current position in a graphical manner.
- **Billing:**
The optional billing module records all job expenses and facilitates bill creation. Data can be transferred to a third party accounting software.
- ? Transfer or export data to third party accounting software when necessary.

- Flexibility to work from anywhere
- Reduced burden of costs with the pay as you go model
- Keep clients updated with online tracking and real time status messages
- Enabling your organization to provide increasing value & better service to your customers
- Enhance management control & tools for easier decision making
- The costing and billing modules ensure that projects are completed within its budget
- Minimize human errors like erroneous data entry
